Q: WHAT IS PRIOR AUTHORIZATION?
A: Under prior authorization, Sun Life must pre-approve coverage for certain drug therapies based on medical criteria.

Q: WHY IS PRIOR AUTHORIZATION IMPORTANT?
A: Prior authorization ensures that specialty drugs are covered when they are most needed. You and your doctor still have all of the choices in treatments, while managing costs and keeping your health plan viable for the long term.

Q: WHICH DRUGS ARE AFFECTED?
A: Some, but not all, drugs used to treat the following conditions require prior authorization:

- Anti-inflammatory – specialty
- Asthma
- Blood disorders
- Cancer (drugs administered orally)
- Diabetes
- Hepatitis
- Human immunodeficiency virus (HIV)
- Lupus
- Multiple sclerosis
- Muscle-nerve disorder
- Osteoporosis
- Pulmonary arterial hypertension
- Rare diseases

A category of drugs called biologics also needs prior authorization. Biologics are used to treat conditions such as:

- Rheumatoid arthritis
- Crohn's disease
- Psoriatic arthritis
- Ankylosing spondylitis
- Plaque psoriasis

Q: HOW DOES PRIOR AUTHORIZATION WORK?
A: For several conditions listed above, if coverage for the drug your doctor recommends needs prior authorization, you need to send Sun Life a completed prior authorization form before filling your prescription.

For biologics:
For some categories of biologic drugs, there is a preferred drug. The preferred drug is selected based on expert opinion concerning factors like safety, cost and efficacy. You need to try the preferred drug before you can apply for reimbursement for another drug in that category, unless you are not able to take the preferred drug because of a pre-existing condition.

If this preferred drug does not improve your condition, you and your doctor can submit a prior authorization form to use a different drug that your doctor recommends for you.

You can find a list of the drugs and forms by going to mysunlife.ca/priorauthorization.
Q: WILL THIS AFFECT THE QUALITY OF MY HEALTH CARE?
A: Prior authorization aims to reimburse you for the right treatment for you, taking into account the safety, cost and efficacy of the drug while managing the overall drug plan costs for both you and your employer.

Q: WHAT IF I’M ALREADY TAKING ONE OF THE IMPACTED DRUGS?
A: If your plan sponsor chose the “grandfathering” option and you are taking one of the drugs included in the prior authorization program in the 120 days before the program begins, you don’t need to apply for approval.

Q: WILL THIS LIMIT MY PRESCRIPTION DRUG OPTIONS?
A: No. You still have a choice of which prescription drugs you want to take for your condition.

Q: CANCER TREATMENT IS ON THE LIST OF DRUGS IMPACTED. WOULDN’T A DELAY IN RECEIVING THESE DRUGS BE DANGEROUS?
A: Prior authorization for drugs used in treating cancer applies only in cases where the disease is stabilized by treatment and where the drugs aren’t being administered in a hospital.

Q: WHERE DO I FIND A PRIOR AUTHORIZATION FORM?
A: You can find a list of the drugs and forms by going to mysunlife.ca/priorauthorization.

Q: DOES MY PLAN COVER THE COST TO VISIT MY DOCTOR TO HAVE THE PRIOR AUTHORIZATION FORM COMPLETED?
A: No, it doesn’t. However, you may be able to claim this cost through your Health Spending Account (HSA) if you have one through this or any other plan under which you are covered. You may also take the time to speak to your doctor about prior authorization and have any forms completed during your visit, if required.

Q: IF I’M APPROVED FOR A DRUG, DO I HAVE TO SUBMIT A FORM EVERY TIME I NEED THE PRESCRIPTION RENEWED?
A: Once you are approved, you are approved indefinitely at this time. You do not have to re-submit a form each time.

Q: IF I’M NOT APPROVED FOR A DRUG, CAN I STILL TAKE THE DRUG MY DOCTOR RECOMMENDS?
A: If the request is not approved, you can still use the drug your doctor has recommended, but it will not be reimbursed by your drug plan.
Q: HOW WILL I KNOW IF I HAVE TO APPLY FOR PRIOR AUTHORIZATION?
A: If you have one of the conditions listed above, you may wish to review the prior authorization drug list by going to mysunlife.ca/priorauthorization.

If you are not aware of the drugs that require approval and you take a prescription to the pharmacy for one of these drugs, the pharmacist will advise you if the drug needs prior authorization. You may purchase the drug at that time and pay for it or you can complete the Sun Life form and request approval before purchasing it.

Q: HOW DO I APPLY FOR PRIOR AUTHORIZATION?
A: If you are prescribed a drug that requires you to apply for prior authorization, you and your doctor should complete and submit a prior authorization form to Sun Life.

Q: WILL I HAVE TO APPLY FOR PRIOR AUTHORIZATION FOR EVERY PRESCRIPTION I WANT TO BE REIMBURSED FOR?
A: Prior authorization applies to a limited number of drugs, not every prescription you and/or your dependents may need. Also, not every drug for the conditions named above is impacted. Once you are approved for a prior authorization drug, you are approved indefinitely at this time. You do not have to re-submit a form each time.

Q: WHO REVIEWS MY PRIOR AUTHORIZATION FORM?
A: Sun Life reviews the prior authorization forms.

Q: HOW LONG WILL THE REVIEW TAKE?
A: Provided that we have all of your information, Sun Life will review your request within five business days, and let you know in writing if you are approved.

Q: HOW DO YOU SELECT THE DRUGS AND CATEGORIES THAT ARE AFFECTED, AND CHOOSE THE PREFERRED DRUGS?
A: TELUS Health evaluates prescription drugs for safety, cost and efficacy and determines which categories should have prior authorization. Within the prior authorization categories, some have preferred drugs based on cost-effectiveness evaluations. Preferred drugs are ones that maximize outcomes at the most reasonable cost.

Q: HOW WAS THE PRIOR AUTHORIZATION PROGRAM DEVELOPED?
A: In addition to working with TELUS Health, Sun Life collaborates with expert organizations to develop and maintain the prior authorization program. For example, Carepath, a leading organization focused on patient outcomes in cancer care, reviewed the oral Oncology product category. The Rheumatoid Arthritis category was developed in ongoing consultation with the Ontario Rheumatology Association and the Canadian Rheumatology Associations.

Q: WILL THE LIST OF DRUGS THAT REQUIRE PRIOR AUTHORIZATION CHANGE?
A: Yes. TELUS Health reviews the list as new drugs become available. They also review the list regularly to see if any drugs should be removed from the list.
Your Pay-Direct Drug card – a fast and easy way to cover your eligible prescription drugs

- No claim forms to complete.
- No waiting for a cheque in the mail.

If your prior authorization request is approved, you can use your Pay-Direct Drug card at the pharmacy. Present your card each time and your pharmacist will send us your claim electronically. Sun Life pays the covered amount directly to your pharmacy, so you only have to pay the balance. If your spouse also has a benefit plan that includes a Pay-Direct Drug card, your pharmacist can send claims electronically to both plans at the same time – to make the initial claim and then claim the unpaid balance from the other plan. This is called “coordination of benefits” and it could mean that you have no out-of-pocket costs at all!

Start taking advantage of the many benefits of the Sun Life Preferred Pharmacy Network today!

Good news! You are eligible to take advantage of the benefits of the Sun Life Preferred Pharmacy Network (PPN)—a network of participating pharmacies across Canada, excluding Quebec. It is designed to reduce claim costs for plan members like you when you shop for most specialty drugs that require prior authorization at participating pharmacies using your Sun Life Drug card.

By filling your prescription at a Sun Life PPN pharmacy, you will benefit from potentially reduced claim costs for specialty drugs.

Additionally, you can take advantage of a few benefits that are not sponsored by Sun Life. These include:

- A range of services that may be offered by the pharmacies participating in the Sun Life PPN, including injection services (where available), smoking cessation clinics, e-refills, home delivery (where available) and more.
- You may choose to speak with McKesson Canada, an expert with patient assistance programs, about co-pay assistance counselling which includes assistance with navigating and applying for government and manufacturer financial assistance programs. This benefit is available in Quebec. Rest assured that any information you share with McKesson Canada regarding co-pay assistance will not be shared with Sun Life or your plan sponsor.

If you are currently taking a drug within the previously mentioned categories and would like to find out if you can benefit from the Sun Life PPN, you can either:

- speak with a Sun Life PPN advisor at 1-855-885-6425 between 8 a.m. and 8 p.m. EST, Monday to Friday, or
- visit the Sun Life PPN website at mysunlife.ca/sunlifepharmacynetwork.
