

Support Staff - Employee Types

Winter Closure 2017

- Subject to Part A Art. 14 of the NASA / UofA collective agreement, Winter Closure is the four working days between Christmas and New Year's Day when the University is considered closed. Operating support staff may be eligible to be paid during this period as shown below.
- Winter Closure does not include December 25 or January 1 (or the designated day in lieu when stat falls on a rest day). These are statutory (paid) holidays and are treated differently.
- *In 2017, Winter Closure days are Dec 26, 27, 28, and 29 for Monday to Friday full time employees. Refer to the HRS website for [alternate work schedules](#).*

Regular	N/A		

- To be eligible, the employee must be at work (or be on approved leave with pay) the last scheduled work day before and the first scheduled work day after the Winter Closure. For Hourly Auxiliary employees whose schedule varies, the employee must have worked some time the week before and the week after Winter Closure to be eligible.
- *The employee and supervisor mutually agree on when the employee should take his/her lieu time. If no agreement can be reached within the next six months, the supervisor schedules the time off or pays the employee for the time off in lieu.
- Where applicable, all pay is at straight time unless overtime is applicable.
- Callback and standby are separate provisions. The lieu day does not apply.

Note: If you need to calculate the average number of hours, use this formula for the average daily hours for the week before and the week after Winter Closure (*This year, the week before is the week of December 18, 2017 and the week after is the week of January 8, 2018*):

1. Add up the total hours worked the week before and the week after Winter Closure (do not include paid holidays or overtime)
2. Divide by the number of working days (10) to arrive at daily hours.
3. Enter the daily hours on each of the four days of the Winter Closure on the timesheet.
