If you have a Brain, you have an unconscious bias! Bias is not always a bad thing. It simply means that your brain looks for shortcuts to make sense of the world. Unconscious bias plays a huge role in your daily life, it is automatic and operates at an unconscious level. The neuroscience on unconscious bias indicates that humans are not as rational as we might like to think when making decisions about people and situations. Our background, personal experiences, stereotypes and cultural context have an impact on our judgment and behaviour. Recall a time when you met someone and had that instant connection, or your latest hire where you said that they were a 'right fit'

Our 2-hour interactive workshop provides a non-judgmental approach aimed at understanding what unconscious bias is (and is not), how it operates in the workplace and how it can undermine business objectives. The workshop will offer you the opportunity to increase self-
awareness, get up to speed with the latest research on unconscious bias and come up with strategies to catch yourself when bias may be at play.

**Inclusion in the Workplace: Building Inclusive Practices and Behaviors**
Facilitated by:
Barb McLean, EDI Education Advisor, HRS
Stephanie Carvalho, Employment Equity Program Administrator, HRS

Date/Time: June 1, 2017 2pm-4pm

The University of Alberta Institutional Strategic Plan, identifies “Build a diverse, inclusive community of exceptional students, faculty, and staff from Alberta, Canada, and the world” as a strategic goal (For the Public Good). To assist with the pursuit of this goal, our workshop will engage participants in a conversation to explore what it means to be inclusive and to have inclusive practices. Through interactive activities and thoughtful discussion, we will unpack what inclusion means. Together, we will answer the question: How do we engage with difference to create inclusive, innovative, and dynamic team environments? This session will offer practical tools and ideas to be more inclusive in thought and action.

**2. Equity, Diversity and Inclusion (EDI) Awards**
The EDI Awards celebrate achievement in community service, research, and workplace or classroom environments by all members of the University of Alberta campus community. The awards recognize groups or individuals who have gone above and beyond to demonstrate the principles of EDI in activities that support the University’s value of “diversity, inclusivity, and equity across and among our people, campuses, and disciplines”.

We are excited to offer congratulations to the first annual award recipients:
Marnie Colborne, Faculty of Nursing
Dr. Helly Goez, Faculty of Medicine
Dr. Tracey Hillier, Faculty of Medicine
Dr. Danielle Peers, Faculty of Physical Education and Recreation
Radha Saikia, Faculty of Arts
Annina (Nina) Plummer, Faculty of Arts

**3. Equity Diversity Inclusion (EDI) Week (March 16-18, 2017)**

The fourth annual EDI Week was held from March 16-18, 2017. Events included the EDI Awards ceremony, a talk by Dr. Vanessa de Oliviera Andreotti, a performance/talk by CRIPSie,
and our three day Human Library. All the events were very powerful and really brought a focus on EDI to the campus and community. Overall EDI Week included passionate and informed presentations, thoughtful discussions, and important insights.

For the video recording of Dr. Vanessa de Oliviera Andreotti’s talk, “Decolonization: Navigating Different Paths Together” visit our EDI Week website: [http://www.hrs.ualberta.ca/Learning/Programs/EDIWeek.aspx](http://www.hrs.ualberta.ca/Learning/Programs/EDIWeek.aspx).

Our Human Library this year was very successful. Human Libraries bring people together to talk about personal stories and histories that are often not shared elsewhere. If you are wondering about what Human Libraries are all about, our own Stephanie Carvalho shared her experience both as a “book” and as a “reader” on the University of Alberta blog, “The Quad”: [http://blog.ualberta.ca/2017/03/consider-this-what-its-like-to-be-book.html#more](http://blog.ualberta.ca/2017/03/consider-this-what-its-like-to-be-book.html#more)

**What participants are saying about EDI Week:**

“It was an amazing first time experience. From watching the CRIPSIE performance. To listening in on some truly jaw dropping stories. I withdrew a whole new view on some of the things I never understood or noticed before.”

“The whole thing was truly an eye opener. The experiences and emotions really helped make me [to] really change my opinions on many topics regarding gender and such, making me a more open individual.”

“Thank you for these presentations, as an alumni, I appreciate these workshops being open to the public not just current students/staff.”
